**For equal weights, entries are listed in alphabetical order.**

**In accordance with the conditions found in the Horsemen's Guide, the JCSA reserve the right to invite a representative field of horses from a variety of countries. Therefore, the weights assigned above will be used as a structured guide when inviting horses, however, a diverse range of international representation will also form the basis of selection; as a result a horse may be invited to participate in the race even if weighted below another entry.**

**Locally trained horses must have run once in KSA by February 1, 2021 in order to be eligible for selection, regardless of their position on the handicap scale. Those horses listed in italics are currently not qualified to participate and, therefore, must run before the aforementioned date.**
