

stallion progeny

When a stallion first goes to stud there is much guesswork of which mares he will work with. When more information emerges, crop by crop, the picture can become clearer. Sometimes overwhelmingly so, when sire and broodmare sire really hit it off.

Listed here are all his runners with an SSI of 1.00 or more (in other words, with the earnings index better than average). Shown are the horse (with birth year and sex), the dam (with her sire and damsire), runs, wins, Stakes wins & places. With that comes the SSI and the highest Merit Rating published. The minimum and maximum winning distance is there, as is the Sporting Post rating-by-distance (five categories, from sprints to long distance). If the horse was sold there is a sale price and Sale Index (to show how the price compared to the average at the sale).
