STUD ANALYSIS

First season at stud in 2012

PEDIGREE

Meet At Malamala has a solid pedigree build-up in terms of bottom female line kin-breeding. All consecutive female line ancestors are kin-bred through significant ancestor Sabor, who is herself intensely kinbred. Sabor's kin-links include Selene (from Sir Tristram's bottom line; Selene is dam of Hyperion, Sickie, Pharamond, etc).

SUITABLE LINES for Meet At Malamala could include descendants of Selene, of which Hyperion especially is widespread (Fort Wood, for one, has a strong Hyperion affinity). Mares who carry Selene in multiples should be interesting.

Female lines of broodmare sires from the bottom-line kin-links build up include Oman, whose pedigree elements may count (notably Frizette, leading to Tourbillon, Mr P., Seattle Slew). Another is Gold Sovereign (female line of Grand Lodge, Lost Chord, Whistling Wind).

Successful members of the female family are Gatherneaux (by Twig Moss, female line of Casey Tibbs), Torbek (by Palm Beach, a son of Mulberry Harbour, from the female line of influential mare Malva, whose descendants are widespread, and include High Veldt, a son of Hyperion).
